

Release Note: Network RX Station

(PWS-110RX1A)

Software Version 1.21.0

April 2024

This document is offered to the users for upgrading Network RX Station to the latest version 1.21.0.

Applicable Network RX Station model name for this update:

- PWS-110RX1A

Changes from the previous version:

- Added support for SRT transport protocol.
- Open-Source Software (OSS) updates.
- Google Chrome 123 Support

If you use Google Chrome and see any issues with old version of Network RX Station's software, please update it to V1.21.0.

Microsoft Edge has also confirmed that the display layout does not collapse.

How to Update:

- Please read the PDF document (Software Update Guide) in the update software package of V1.21.0.

Version-up policy:

- Before updating to this version, please make sure that the current version of your Network RX Station version is V1.14.0 or later.
- Please also make sure to disable Windows Defender in your Network RX Station before update.

Camcorder, Wireless Adapter and XDCAM pocket version compatibility:

The compatible version list of each camcorder, wireless adapter and XDCAM pocket with Network RX Station software V1.21.0 (as of 12 April 2024), can be found on the next page.

About SRT FAQ:

Q: Which SRT devices have been verified to work?

A: We have confirmed operation with BRC-X400 of following setups:

- Resolution: 1920x1080, 1280x720
- FPS: 59.94, 50
- Scan mode: Interlace, Progressive
- Video Codec: H.264/AVC (H.264 profile: high, main, baseline)
- Audio codec: AAC 128 kbps
- Bitrate: 16000 kbps
- Encryption: AES256, AES128, OFF

Q: Can I connect any SRT device/app?

A: There is no connection restriction on the RX1 side, but operation has not been verified. We recommend that you check this before use.

Q: What mode do you use on the sending side?

A: Please use Caller mode

Q: Black screen with no errors nor warnings?

A: If the codec settings are mismatched at both ends, listener and caller, a black screen is to be displayed with no errors nor warnings. If you experience such symptom, please check if the codec settings are matched.
